October 14, 2026 10:00am - 2:00pm PDT Online 4.00 Credits Member Price: $149

This comprehensive course provides a timely update on key accounting and auditing developments affecting governmental entities, bringing together recent standard-setting, auditing, and compliance changes into a single, cohesive learning experience. Participants will begin with an update on major pronouncements issued by the Governmental Accounting Standards Board, including GASB Statements No. 103, 104, and 105, along with a high-level overview of active GASB exposure drafts and ongoing projects. Emphasis is placed on understanding how these changes affect governmental financial reporting, disclosures, and communication with stakeholders. The course then shifts to auditing developments, covering significant updates to the Yellow Book issued by the U.S. Government Accountability Office, including changes related to quality management, effective dates, and recent updates to the Green Book. Participants will also gain insight into the GAO's implementation delay and its implications for audit planning. Finally, the course addresses recent changes affecting Single Audits, including the 2024 Uniform Guidance overhaul, updates to Appendix B of the AICPA GAS/Single Audit Guide, recent Office of Management and Budget (OMB) memoranda, and reporting changes related to SAM.gov. Designed for auditors, preparers, and financial leaders working with governmental entities, this course helps participants understand how recent accounting and auditing changes intersect-and what to watch for as expectations continue to evolve. This event may be a rebroadcast of a live event and the instructor will be available to answer your questions during the event.

February 16, 2027 7:00am - 11:00am PST Online 4.00 Credits Member Price: $149

This comprehensive annual update brings together key accounting, auditing, and compliance developments affecting not-for-profit organizations. The course integrates recent standard-setting activity, audit and attestation updates, and Single Audit developments to provide a practical view of changes impacting nonprofit financial reporting and oversight. Participants will begin with an overview of accounting developments affecting not-for-profit organizations, including recently issued Accounting Standards Updates (ASUs) from the Financial Accounting Standards Board and an introduction to the International Non-Profit Accounting Standard (INPAS). Emphasis is placed on understanding the purpose and structure of INPAS and how it compares conceptually to U.S. GAAP requirements for NFPs. The course then shifts to auditing and attestation developments from the AICPA, including the next phase of quality management with a focus on monitoring and remediation responsibilities. Participants will also review recent and upcoming standards affecting audit, attestation, and consulting engagements, including updates related to SSAEs, SSARSs, exposure drafts on confirmations and fraud, and changes affecting group audits. Finally, the course addresses recent developments impacting Single Audits for not-for-profit organizations receiving federal funding. Topics include the 2024 Uniform Guidance overhaul, updates to Appendix B of the AICPA GAS/Single Audit Guide, recent guidance issued through the Office of Management and Budget (OMB), and reporting changes related to SAM.gov. Designed for nonprofit preparers, auditors, and financial leaders, this course helps participants understand how recent accounting and auditing changes intersect-and what to monitor as requirements continue to evolve. This event may be a rebroadcast of a live event and the instructor will be available to answer your questions during the event.

June 4, 2027 11:00am - 1:00pm PDT Online 2.00 Credits $ Member Price: $89

This comprehensive course provides a focused update on key auditing developments affecting governmental and Single Audit engagements. The course integrates recent changes to the Yellow Book issued by the U.S. Government Accountability Office with major updates to Uniform Guidance and related Single Audit requirements. Participants will begin with an overview of significant revisions to the 2024 Yellow Book, including changes related to quality management, key audit roles, and effective dates. The course also addresses the GAO's implementation delay and its implications for audit planning, along with recent updates to the Green Book that may affect internal control considerations for governmental entities and Single Audits. The course then shifts to recent developments affecting Single Audits, including the 2024 Uniform Guidance overhaul, updates to Appendix B of the AICPA GAS/Single Audit Guide, and guidance issued through the Office of Management and Budget (OMB). Reporting-related changes, including the transition to SAM.gov-based reporting, are also discussed. Designed for auditors working with governmental entities and federal awards, this course helps participants understand how recent auditing and compliance changes intersect-and what to monitor as expectations continue to evolve. 2026/27 Not-for-Profit Accounting & Auditing Update (4 hours)

June 12, 2027 11:00am - 3:00pm PDT Online 4.00 Credits Member Price: $149

This comprehensive annual update brings together key accounting, auditing, and compliance developments affecting not-for-profit organizations. The course integrates recent standard-setting activity, audit and attestation updates, and Single Audit developments to provide a practical view of changes impacting nonprofit financial reporting and oversight. Participants will begin with an overview of accounting developments affecting not-for-profit organizations, including recently issued Accounting Standards Updates (ASUs) from the Financial Accounting Standards Board and an introduction to the International Non-Profit Accounting Standard (INPAS). Emphasis is placed on understanding the purpose and structure of INPAS and how it compares conceptually to U.S. GAAP requirements for NFPs. The course then shifts to auditing and attestation developments from the AICPA, including the next phase of quality management with a focus on monitoring and remediation responsibilities. Participants will also review recent and upcoming standards affecting audit, attestation, and consulting engagements, including updates related to SSAEs, SSARSs, exposure drafts on confirmations and fraud, and changes affecting group audits.
